By opting for the installment plan, the base price of \$3,200 can be divided into easy to manage monthly payments. This plan requires an up-front, non-refundable service fee of \$325 followed by 23 payments of \$135 per month and a final payment of \$95. These payments can be arranged to be automatically charged to your credit card, or submit a personal check. Payments are due the first of every month, unless other arrangements are made.

We accept cash, check, and credit cards. We also have a payment plan.

COMPARING COSTS WITH MODERN BURIAL PRACTICES

When comparing costs for natural burial at Foxfield Preserve with modern burial, it may be important to understand potential added expenses that may be required by other providers. Natural burial eliminates or reduces many expenses associated with modern burial practices.
