“Each visit to Foxfield Preserve is special, moving, healing. Foxfield is peaceful, an oasis that encourages tranquil thoughts and fond memories. Every time I visit Foxfield I thank Laura for bringing me to such a wonderful place – I feel it is a gift from her each time I visit.”

“We enjoy the outdoors. We like our fruit trees and our vegetable garden. We have a compost heap. In light of this, it makes sense for us to let our bodies return to the soil naturally. We prefer our fruits and vegetables without chemicals, and it makes no sense to have our bodies pumped full of chemicals after we die.”

“I was struck immediately with the ‘rightness’ of the Foxfield concept!... it sounded perfect to my ears!”

*Marge Thomas, Wooster*

“We believe that planning ahead is a gift to surviving loved ones... When the time comes, our loved ones can take comfort in knowing that we are exactly where we want to be, overlooking the rolling hills of northeast Ohio.”

“From the first visit Ken and I were struck by the beauty and peacefulness of the location. The site is now a very sacred place for us, our extended family and our closest friends. Many have visited and all have shared their powerful experiences of peace and understanding. The children and I have been able to plant a special tree at the forest site, and we have made many trips back...I often feel Ken’s presence when we visit.”
